

## SPECIFICATION

### Guduchi Dry Extract

| Parameters       | Specification                                         |
|------------------|-------------------------------------------------------|
| Appearance       | Off-white powder                                      |
| Molecular Weight | 0 g/mol                                               |
| Boiling Point    | 0 °C                                                  |
| Melting Point    | 0 °C                                                  |
| Flash Point      | 0 °C                                                  |
| Purity           | 98–99%                                                |
| Refractive Index | 1.5                                                   |
| Solubility       | Soluble in water                                      |
| Uses             | Herbal supplement and traditional medicine ingredient |
