

Material Safety Data Sheet (MSDS)

Tolu Balsam

Revision Date: 22-September-2025

Version: 1.0

Section 1: Product Identification

- **Product Name:** Tolu Balsam
- **Chemical Formula:** N/A
- **CAS No:** 8007-00-9
- **Synonyms:** Balsam of Tolu, Balsamum toltanum
- **Recommended Use** Fragrance, flavoring agent, pharmaceutical and cosmetic applications

Section 2: Hazards Identification

- **Classification (GHS):** Skin Irritant, Eye Irritant
- **Signal Word:** Warning
- **Hazard Statements:**
 - May cause skin irritation

GROUP OF Triveni CHEMICALS

- May cause eye irritation
- May cause allergic skin reaction in sensitive individuals
- **Precautionary Statements:**
 - Avoid contact with skin and eyes
 - Use protective gloves and safety glasses
 - Wash hands thoroughly after handling

Section 3: Composition / Information on Ingredients

- **Substance:** Tolu Balsam (natural resin)
- **Main Constituents:** Cinnamic acid esters, benzoic acid derivatives, vanillin, resins

Section 4: First Aid Measures

- **Inhalation:** Move to fresh air. If symptoms occur, seek medical attention.
- **Skin Contact:** Wash with plenty of soap and water. Remove contaminated clothing. Seek medical advice if irritation persists.
- **Eye Contact:** Rinse cautiously with water for several minutes. Seek medical attention if irritation persists.
- **Ingestion:** Rinse mouth. Do not induce vomiting. Seek medical advice if feeling unwell.

Section 5: Fire-Fighting Measures

- **Suitable Extinguishing Media:** Water spray, foam, dry chemical, carbon dioxide (CO₂).
- **Specific Hazards:** Emits irritating fumes and carbon oxides under fire conditions.
- **Protective Equipment:** Firefighters should wear self-contained breathing apparatus and protective clothing.

Section 6: Accidental Release Measures

- **Personal Precautions:** Use personal protective equipment. Avoid inhalation and skin/eye contact. Ensure adequate ventilation.
- **Environmental Precautions:** Prevent entry into drains and waterways.
- **Cleanup Methods:** Absorb with inert material (sand, earth). Collect in suitable container for proper disposal.

Section 7: Handling and Storage

- **Handling:** Avoid inhalation of vapors and contact with skin/eyes. Use in well-ventilated areas.
- **Storage:** Store in tightly closed containers in a cool, dry, well-ventilated place. Protect from heat and light.

Section 8: Exposure Controls / Personal Protection

- **Exposure Limits:** Not specifically established for Tolu Balsam.
- **Engineering Controls:** Ensure adequate ventilation and local exhaust systems.
- **Personal Protective Equipment:** Gloves, protective goggles, lab coat, respirator if exposure limits are exceeded.

Section 9: Physical and Chemical Properties

- **Appearance:** Brown to reddish-brown viscous liquid or semi-solid
- **Odor:** Sweet, balsamic, vanilla-like
- **Boiling Point:** Not applicable (complex mixture)
- **Melting Point:** Softens gradually
- **Flash Point:** >100 °C
- **Solubility:** Insoluble in water; soluble in alcohol and essential oils
- **Molecular Weight:** Not applicable (natural mixture)

Section 10: Stability and Reactivity

- **Stability:** Stable under normal conditions.

- **Incompatible Materials:** Strong oxidizing agents, strong acids and bases.
- **Hazardous Decomposition Products:** Carbon oxides and irritating fumes under fire conditions.

Section 11: Toxicological Information

- **Routes of Exposure:** Inhalation, ingestion, skin and eye contact.
- **Acute Effects:** May cause skin and eye irritation. May cause allergic reactions in sensitive individuals.
- **Chronic Effects:** Prolonged exposure may cause dermatitis.
- **LD50 Oral – Data:** not available (natural resin, generally regarded as safe in small quantities)

Section 12: Ecological Information

- **Ecotoxicity:** Not classified as environmentally hazardous, but large releases may be harmful to aquatic organisms.
- **Persistence and Degradability:** Expected to be biodegradable under normal conditions.
- **Bioaccumulative Potential:** Low potential for bioaccumulation.
- **Mobility in Soil:** Low mobility.

Section 13: Disposal Considerations

- Dispose of contents/container in accordance with local/regional/national regulations. Do not release into the environment.

Section 14: Transport Information

- **UN Number:** Not regulated
- **Proper Shipping Name:** Tolu Balsam
- **Hazard Class:** Not classified as dangerous goods
- **Packing Group:** Not applicable

Section 15: Regulatory Information

- Complies with Indian chemical safety regulations and listed under international chemical inventories (where applicable).
- Classified as hazardous substance as per GHS due to potential irritant properties.

Section 16: Other Information

- **Disclaimer:** The above information is believed to be correct but does not claim to be exhaustive. Users are responsible for verifying suitability under actual conditions of use. **Triveni chemicals** disclaims any liability for damage resulting from handling or contact.
