

# Triveni Interchem Pvt. Ltd.

GROUP OF Triveni CHEMICALS

CHEMICAL WITHOUT BORDERS-POWERED BY INDIA

CIN No.: U24100GJ2010PTC060594

GST No.: 24AADCT5202F1ZU

MSME No: UDYAM-GJ-25-0009026

ISO 9001:2015 | QMS/NAB-C21601/1645

## SPECIFICATION

### Benzaldehyde

| Parameters        | Specification                                                                                           |
|-------------------|---------------------------------------------------------------------------------------------------------|
| Cas Number        | 100-52-7                                                                                                |
| Appearance        | Clear, Colorless To Light Yellow Liquid                                                                 |
| Molecular Formula | $C_6H_5CHO$                                                                                             |
| Molecular Weight  | 106.12 G/Mol                                                                                            |
| Boiling Point     | 178°C -179°C (Lit.)                                                                                     |
| Purity            | 96-98%                                                                                                  |
| Flash Point       | 61°C-63°C                                                                                               |
| Density           | 1.033-1.044 G/Cm <sup>3</sup> At 20°C (Lit.)                                                            |
| Hazards           | Harmful If Swallowed, Causes Skin And Eye Irritation, May Cause Damage To Organs, Toxic To Aquatic Life |
| Vapor Pressure    | 3- 4 MmHg At 45°C                                                                                       |
