

## SPECIFICATION

### Furaneol

| Parameters        | Specification                                                                                                                                |
|-------------------|----------------------------------------------------------------------------------------------------------------------------------------------|
| Cas Number        | 3658-77-3                                                                                                                                    |
| Appearance        | White To Pale Yellow Crystalline Solid                                                                                                       |
| Uses              | Flavoring Agent (Strawberry, Caramel, Pineapple Notes) , Fragrance Ingredient Found In Fruits Like Strawberry, Pineapple, Tomato, Guava      |
| Molecular Formula | $C_6H_8O_3$                                                                                                                                  |
| Molecular Weight  | 128.13 G/Mol                                                                                                                                 |
| Boiling Point     | 188 °C                                                                                                                                       |
| Flash Point       | 110 °C                                                                                                                                       |
| Solubility        | Soluble In Methanol, Chloroform, Ethanol                                                                                                     |
| Hazards           | H302: Harmful If Swallowed, H317: May Cause Allergic Skin Reaction, H318: Causes Serious Eye Damage, Dust May Form Explosive Mixtures In Air |
| Purity            | 96-98%                                                                                                                                       |
| Refractive Index  | 1.439                                                                                                                                        |
